

# T'IS THE SEASON...

AND DOGS ARE BEGINNING TO FEEL THEIR INSTINCTIVE DRIVES TO PROCREATE. IF YOUR DOG BECOMES PREGNANT, PLEASE CALL HART. WE ARE HERE TO HELP

HART GUARANTEES THE SAFE, ETHICAL ADOPTIVE PLACEMENT OF ALL PUPPIES PROTECTED IN OUR FOSTER TO ADOPT PROGRAM

HART SPAYS/NEUTERS/VACCINATES, ALL PARENT ANIMALS, AT NO CHARGE TO OWNER, WHEN PUPS ARE SURRENDERED TO HART. OTHER RESIDENT ANIMALS CAN ALSO BE PROVIDED SPAY/NEUTER RESOURCES.

ALL PUPPIES ARE MAINTAINED IN AN EXPERIENCED HART FOSTER GUARDIAN HOME, AS MEMBERS OF THEIR FOSTER FAMILY. THEY ARE BEHAVIOURALLY ASSESSED AND HOUSE TRAINED, BEFORE WELL SCREENED PLACEMENT TO BEST MATCH SUITABLE ADOPTIVE HOMES. PUPPY VACCINES/DEWORM/DEFLEA/OTHER YET ISSUES, ARE PAID FOR BY HART, UPON SURRENDER.

FIRST WEEKS OF LIFE WITH MOM, ARE VERY IMPORTANT TO A PUPPY'S HEALTHY GROWTH AND WELL BEING. INTEGRAL TO A PUP'S EARLY DEVELOPMENT TO BECOME WELL ROUNDED, CONFIDENT PERSONALITIES, IS THE MENTORING PROVIDED BY MOM, UNTIL AT LEAST 8 WEEKS OF AGE. SHE EXPERTLY TEACHES THEM "DOG."

KEEP THE NEST CLEAN, THE CLEANER THE BETTER! WITH AT LEAST DAILY REMOVAL OF ALL FECES AND PROVISION OF FRESH BEDDING IN A SHELTERED SPOT, THE PUPS NATURAL INSTINCT TO NOT SOIL ITS OWN NEST IS MAINTAINED, MAKING HOUSE-TRAINING A CINCH!

PARVO VIRUS CAN KILL A PUP IN JUST 24 HOURS. A FILTHY NEST IS THE PERFECT "HOME" FOR THIS RAVAGING VIRUS. WATCH FOR LETHARGY, FEVER, DIARRHEA, BLOOD IN STOOLS AND SEE A YET IMMEDIATELY A VACCINATED PUP IS MORE LIKELY TO SURVIVE THIS VIRUS. A HART PROTECTED PUP WILL RECEIVE NECESSARY YET CARE.

COCCIDIA AND GIARDIA, INTERNAL PARASITES THAT ARE WATER BORNE, CAN INFEST HEALTHY PUPPIES CAUSING DYSENTARY, POOR ABSORPTION OF NUTRIENTS, ANEMIA AND EVEN DEATH, IF LEFT UNTREATED. WATCH FOR DIARRHEA, BLOOD IN STOOLS AND KEEP WATER CLEAN AND REFRESHED DAILY.

ROUND WORM, COMMON TO PUPS, CAN GROW TO CAUSE BOWEL BLOCKS, EVEN MANIFESTATION OF BRAIN TISSUE. PUPS CAN BE TREATED FOR ROUND WORM, AT 6 WEEKS OF AGE. GUN POWDER, TOBACCO AND OVER THE COUNTER REMEDIES FROM PET STORES, DO NOT WORK AND CAN EVEN CAUSE CONVULSIONS OR WORSE.

LOVE YOUR PUP, A JOYFUL GIFT...NEVER NEGATIVELY REINFORCE, NEVER STRIKE OR SCREAM. HE IS BORN TO PLEASE AND BY SIMPLY REINFORCING WITH PRAISE, THEN DISTRACTING FROM NEGATIVE BEHAVIOURS, YOUR PUP WILL GROW TO BE WELL TRAINED AND CONFIDENT.

IF YOUR PUP OR DOG IS A CRINGER, WELL SHAME ON YOU! IF HE RELEASES HIS BLADDER WHEN YOU RAISE YOUR VOICE, WELL SHAME ON YOU. IF HE BARKS CONSTANTLY ON THE END OF HIS CHAIN, WELL SHAME ON YOU!
